*"New India will not be built  
in the Lok Sabha and Rajya Sabha  
but in our schools and colleges."*

***The Sadhu Vaswani International School is a sincere endeavor to promote the overall development of the child. It's uniqueness lies in not only building their intellect and acumen; in honing their skill and talent; in developing their physique and health; in unfolding their creativity and hidden potential; but above all in shaping their strength of character and firmness of will and most importantly in unfurling their spirit and inner beauty.***

***Our founders believed that the best investment every parent can make is to give their children the right type of education.***

**(Rector-Sadhu Vaswani Institutes  
Of Learning, PAN India)**

***This school is the brain child of Rev. Dada J. P. Vaswani who is a visionary and its foundations are laid on his values and beliefs. Dada strongly believes that children are our greatest wealth and we have to do our utmost to nurture, develop and treasure this wealth in our educational institutions. This school has a strong value driven culture. Our mission is to inculcate ethical understanding and life skills in our students, gaining knowledge and imbibing a sense of social responsibilities.***

***In our school, children learn to care for those who are less fortunate than they are. The curriculum with its judicious blend of academic, co-curricular and extracurricular activities focuses on equipping them to cope with the competitive environment of today.***

***Kudos to the Principal, faculty, staff and students for having helped to realise Rev. Dada's dream by making this school one of the most renowned and sought after in this area. With Dada as its role model and source of inspiration, the school will grow from strength to strength and will raise the bar for knowledge, excellence and distinction.***

# **Message from I/C Principal Mrs. Samriddhi Roy**

*The formative years of our children are very important, and the developmental changes have profound and lasting influence in a child's future. Enriching experience in their school days, supports healthy development; cognitively, socially, and emotionally. In the formative years, we should encourage children to explore the power of curiosity, through fun methods, as they progress in their learning journey. Our founder Dada J. P. Vaswani emphasized a lot on learnings through real life stories and this methodology continues to be our foundation of learning at SVIS in the formative years and thereafter during the entire journey.*

*The concept of learning is evolving. In a fast-paced world, where technology and modes of learning are changing consistently, it is important for us and our children to keep pace with the digital transformation and position ourselves as the leaders in this arena. We have been using technology as a part of the transformation journey for the past years, and our experience has supported scaling up this transformation during the COVID 19 pandemic; the digital transformation is no more an option but has become the lifeline. As in the past, we will continue to encourage and empower our students to adopt technology as an early bird and use the benefits with a positive approach.*

*SVIS management and the team of teachers are committed to support and guide every child in this journey, and help them to grow up as courageous human beings with compassionate hearts and strong character in every stage of their academic and professional quest.*

# ABOUT SVIS

## Imparting Knowledge... Inspiring Ideas....Illuminating Lives...

*The Sadhu Vaswani International School(SVIS) which is affiliated to the ICSE Board, New Delhi stands nestled off the Palm Beach Road in Navi Mumbai. Located in the hub of Navi Mumbai Sanpada, SVIS is conveniently accessible through any mode of transport. It is one of the prestigious schools founded by the renowned educationist, Dada J. P. Vaswani. The school emphasizes on the three C's namely: Courage, Character and Compassion and constantly endeavors to provide value based education to the students so that they grow up with talents galore and become global citizens of the world.*

*Armed with a dedicated team of teachers and staff, the school is proud to boast of many laurels and trophies that it has won over the past few years. Their commitment reminds of what learning and teaching entails: the mysteries embedded in each of the subjects, the lectures, the assignments, the projects, the questions, among so many others. But we have also realized that teaching goes beyond these day-in-and-day-out activities in the countless moments when we see teachers go beyond the call of duty.*

*The school aims for the holistic development of the students and gives equal importance to academic knowledge, intellectual and emotional aspects and extra curricular activities. SVIS is built on a strong foundation with unwavering values, principles and patriotic fervour, ensuring that every student is nurtured with the ethos of being selfless and devoted to the success and prosperity of the nation as well.*

**OUR CORE VALUES**

# Building the future with a difference

*The Sadhu Vaswani International School (SVIS), considered among the best schools in Navi Mumbai, offers state-of-the-art, student-friendly and hi-tech infrastructure.
